

Call for Participation

We invite you to join us in **11th International Conference on Mobile & Wireless Networks (MoWiN 2022)**

This conference dedicated to address the challenges in the areas of wireless & mobile networks. The conference looks for significant contributions to the Wireless & Mobile computing in theoretical and practical aspects. The Wireless & Mobile computing domain emerges from the integration among personal computing, networks, communication technologies, cellular technology and the Internet Technology. The modern applications are emerging in the area of mobile ad hoc networks and sensor networks. This conference is intended to cover contributions in both the design and analysis in the context of mobile, wireless, ad-hoc and sensor networks. The goal of this conference is to bring together researchers and practitioners from academia and industry to focus on advanced wireless & Mobile computing concepts and establishing new collaborations in these areas.

Highlights of MoWiN 2022 include:

- 15th International Conference on Network Security & Applications (CNSA 2022)
- 9th International Conference on Artificial Intelligence and Applications (AIAP 2022)
- 9th International Conference on Data Mining and Database (DMDB 2022)
- 9th International Conference on Bioinformatics and Bioscience (ICBB 2022)
- 11th International Conference on Information Theory (IT 2022)
- 12th International Conference on Computer Science, Engineering and Information Technology (CCSEIT 2022)
- 3rd International Conference on Natural Language Processing, Information Retrieval and AI (NIAI 2022)
- 3rd International Conference on Signal Processing and Machine Learning (SIGML 2022)
- 3rd International Conference on Cloud and Internet of Things (ICCIoT 2022)

Registration Participants

Non-Author/Co-Author/Simple Participants (no paper)

300 USD (With proceedings)
